

BACKSAVER X

1. Won't "Walk" when the hopper is running empty.
2. Worm gear reduction

Swing hopper mover for **Westfield MKX** and **Wheatheart X** augers

Compact Design

Easy to Maneuver

- **12 volt** remote control with optional light
- Compact and easy to step over or around
- Mounted so it doesn't run in the truck tracks
- Two ½ HP worm gear drive motors won't "Walk" when the hopper is empty
